

What for?

- Of course, one main goal is to have fun and make interesting experiences.
- But it is also our goal to do others something good.
- To take part in this event, it is assumed that every team creates a charity project and donates a minimum figure to a good cause.
- This minimum figure will be provided by ourselves.
- **As our chosen project really matters to us, we would wish to raise as much money as possible in addition.**

Our Project:

Tierschutzverein Franziskushof

in Kalletal

- Start of the project in 1987 by 2 very strong ladies, who took care of sick and homeless cats, in the beginning in their private homes.
- In 1990, purchase of an old farm house with surrounding fields, renovation and modification into an animal shelter.
- Ever since, taking care of homeless cats and dogs, their health and providing them with new homes, with very much love and without any public funds.
- Currently in a process of many necessary redevelopment measures on the building, mostly done privately by the members. At the same time, affectionately taking care of the animals.
- This is an effort we would love to support.

Tierschutzverein Franziskushof e.V.

Ein Weg der Hoffnung

**Around the Baltic Sea to
help 4 paws
We're on the road!
With you?**

Who we are

- **Julia Günther (37)**
Former Travel agent and Diploma in marketing and sales; working in market research since 2007
- **Andreas Günther (41)**
Specialized mechanic working for a company producing medical instruments and handcraft enthusiast
- Married since 2011, loving travel and adventures, animal-loving, athletic, communicative and with a high online-affinity

What we are planning

- **Taking part in the 2019 Baltic Sea Circle**
Date: June 15th – June 30th 2019
- **Start und Destination:** Hamburg
- **Course:** 7500 km around um the Baltic Sea up to North cape. Travelling through Germany, Denmark, Sweden, Norway, Finland, Russia, Estonia, Latvia, Lithuania and Poland.
- **In a car that is at least 20 years old**

→ An adventure for the good cause

What will this look like

- **We already bought a vehicle that we will work on in our free time to achieve the best possible technical condition.**
- **Our travel companion:**

1998 Land Rover Freelander

- **Donations for our project are possible through the following link:**

<https://www.betterplace.org/de/fundraising-events/31559-team-hells-cats-fur-4-pfoten-um-die-ostsee>

We need your help

- **Of course, we are looking forward to every support in form of technical or organizational know-how.**
- **Useful gear support in the form of technical equipment, car accessories or other things would of course be more than welcome, but we do not have any expectations in this area.**
- **Important to us:**
 - **Create a wide media range through online channels to promote the charity project**
 - **In addition, of course donations for said project**
